Message from Complete Florida

Dear Partners,

I hope this message finds you well. I am writing to share an update on the progress of our partnership and the positive outcomes it has brought for students and employers.

As of today, more than 6,100 students have participated in Complete Florida, with 1,410 of them enrolling in an eligible certificate program. These students have spent 130,483 hours in education and training, with a total cost savings of $2,233,600 for employers. The program has also helped returning adults who have completed 130+ certificates and earned 14+ degrees.

Our partnership is designed to connect returning adults with education and training opportunities that can help them advance their careers. The program provides a range of resources and support, including coaching, resources, and employer incentives.

I am proud of the impact our partnership has had so far, and I am excited to continue working with you to help more students achieve their career goals.

Please let me know if you have any questions or concerns.

Thank you for your support.

Michelle Horton, Ed.D.
Vice President, Programs and Partnerships
Complete Florida

*Message from Complete Florida is published each month to share progress and updates on the partnership with partners and stakeholders. This message contains a summary of the program's impact on students and employers, highlighting enrollment numbers, hours spent in education and training, cost savings for employers, and student outcomes. The message also encourages partners to provide feedback and support the program to help more students achieve their career goals.*
